

FEBRUARY NEWSLETTER

Principal's Message

Dear Students, Parents, and Staff,

As we begin the month of February, our school community will be focusing on the core value of **Acceptance**. Acceptance is fundamental to fostering a respectful, inclusive, and supportive learning environment. It involves recognizing and valuing individual differences, embracing diverse perspectives, and treating every member of our community with dignity and fairness.

By practicing acceptance, we help create a culture where students feel safe, respected, and empowered to be their authentic selves. It encourages empathy, strengthens relationships, and promotes a sense of belonging—essential elements for both personal growth and academic success.

We encourage students, staff, and families to actively model acceptance in their daily interactions and to work together to build a community rooted in understanding, kindness, and mutual respect.

Together, let us continue to nurture a school culture where every individual is valued and every voice is heard.

Warm regards,
Dr. Layne Hunt
Principal
